Purpose

Before providing financial advice or financial services to you, we must provide you with this Financial Services Guide. The purpose of the Guide is to convey important information that you need to know before receiving any financial services. You should retain this document.

In addition to providing consumer protection, this guide contains important information about:

- who we are
- the services we can provide to you
- how we are remunerated for these services
- details of any arrangements that may influence our advice
- details of our internal and external complaints-handling procedures and how you can access them

This Guide should be read in conjunction with our Privacy Policy as well as the following documents, if applicable;

- Engagement Letter
- Statement of Advice
- Record of Further Advice
- Product Disclosure Statement

More information regarding these documents can be found in the Section titled 'Financial Services'.

Lack of Independence

Urquhart Sexton Financial Planning Pty Ltd cannot call itself 'independent', 'impartial' or 'unbiased' under section 923A of the Corporations Act as we receive commissions from life insurance product providers for advice provided in relation to life insurance products as payment for our services. In addition, we may receive commissions by recommending shares and securities offered by a company wanting to raise money from the public (e.g., through initial public offerings).

Advice and services not provided

We do not provide legal services. Where requested we can refer you to a solicitor for these services.

Documentation

Throughout the planning process you should also expect to receive the following documentation from us:

Client Engagement Letter

The Engagement Letter outlines our obligations to you, and yours to us, in providing our ongoing advice services to you. You can expect to receive an Engagement Letter shortly after your first appointment.

Statement of Advice

The Statement of Advice (SOA) will provide financial recommendations. These will be based on the information you have given us regarding your current financial situation and future needs, as well as our own enquiries into your financial situation. The SOA will provide information to help you understand why we have made our recommendations and should enable you to make an informed decision on whether to act on our advice.

Further Advice

As part of our ongoing service, we will provide further advice to you verbally, electronically or through supplementary Records of Further Advice (ROFA). As our ongoing advice will refer to previous documents, you should keep all SOAs and ROFAs provided to you. We are required to keep a record of all verbal, electronic or written advice for seven years. During this period, you may request copies of any advice provided to you. We will provide you with an initial copy of the requested advice free of charge.

Product Disclosure Statements

Should any financial product be recommended to you as part of our advice, you will also receive a Product Disclosure Statement (PDS) explaining exactly how that product operates at the time we make the recommendation. You should read and retain these documents if they are provided to you.

You should not act on our advice until you have received, read and understood your SOA and any PDSs.

Remuneration, Commission & Other Benefits

Urquhart Sexton Financial Planning Pty Ltd is committed to providing advice and services of the highest standard. The following pages provide a guide as to how we charge for the services we provide.

The estimated amounts of any fees or commissions received by Urquhart Sexton Financial Planning Pty Ltd, unique to your personal situation, will be included in a Statement of Advice that will be provided to you.

Advice & Administration

Many financial planning firms calculate their fees based on a percentage of the funds you invest. We consider that this can compromise the quality of the service because it;

- a) Places the focus on “selling” financial products,
- b) It is expensive for the client when the amount invested is large,
- c) It is unprofitable for the adviser when the amount invested is small.

We therefore charge professional fees for our work, and these are agreed with you prior to work being commenced. Our fees are determined according to the complexity and value of the advice provided, the professional skill required, and the time involved in completing the work. This ensures that we always work in your interest.

In the event that our fixed fees are not suited to your requirements, we can negotiate an alternate agreement based on an hourly rate of \$350 per hour (GST inclusive) based on the complexity of the issue and advice provided.

Execution Only Share Trading

Urquhart Sexton Financial Planning Pty Ltd offers an Execution Only / No Advice Share Sale and Purchase service through a relationship with Morgans Reynolds Equities and Desktop Broker. The following share brokerage will be charged for this service.

Trade Value	Standard Brokerage \$AUD (Includes GST)
\$0 - \$10,000	\$110
\$10,001 - \$40,000	1.10%
\$40,001 +	0.77%

Where the shares are traded through Morgans Reynolds Equities the brokerage revenue will be split on a 50% basis between Morgans Reynolds Equities and Urquhart Sexton Financial Planning Pty Ltd. In the case of share trades placed through Desktop Broker, Desktop Broker receives 0.1% of the trade value, or a minimum of \$20 per trade. The remainder of the brokerage is received by Urquhart Sexton Financial Planning.

If Shares are traded through Desktop Broker as part of an Ongoing Service Agreement, a lower fee will be charged. The cost of this service will be outlined in both the SOA and Ongoing Client Service Agreement.

Implementation of Insurances

Where we implement personal insurances, there are often commissions paid by the insurance company on the successful completion of the policy.

Urquhart Sexton Financial Planning Pty Ltd may receive an upfront commission from the product issuer if you decide to buy a personal risk insurance product, recommended to you. The upfront commission may be between 0% and 60% of the first year's annual premium, and then an annual ongoing commission of between 0% and 20% of the annual premium.

For example, for an insurance product with an annual premium of \$1,000, where the issuer pays Urquhart Sexton Financial Planning Pty Ltd an upfront commission of 60% or \$600. The issuer will pay Urquhart Sexton Financial Planning Pty Ltd 20% of the annual premium as ongoing commission for as long as you hold the product. Assuming an annual premium of \$1,000, this equates to \$200 per year.

Please note that if commission is nominated as a means of payment, if insurance is cancelled within the two years, clients may be charged a fee of up to \$1,000 to cover off the cost of implementing the insurance.

All commissions will be disclosed in the Statement of Advice.
